28. Why does Apple not make a phone for power users

Apple never **made** any device friendly for **power user** nor they will ever make **one**. In their ideology, technology should be completely hidden from what **users** do. Technology is hindering the innovation, not helping it. Apple Watch is a typical device that expresses this idea to the general public: a device that **user** cannot even do a restore themselves.

29. Which is your next smartphone

Not that impressed with the Turbo 2. My choices today if I ran over my **phone** with a truck would be HTC or Nexus. I'd def look at the **LG G4**, but for the money, I might go with the HTC **one M9**. Switching **phones** will be a big deal since I've used Droids for so long; I'll want a test run with my new device. If possible.
